

Circle of heArts to heArts

Explore your journey through creative arts.

Circle of heArts to heArts is a child-led experiential creative arts therapy group for children (10-12yr) and their mothers/carers who have experienced family violence and would like to explore their journey through using the creative arts process. It provides opportunities for both mothers/carers and their children to explore, build and strengthen their relationships through creative arts and play.

8-week group

No prior arts experience is needed. All materials provided
