

Join us for the Centre's

Early Years Forum

**Strengthening learning,
wellbeing and resilience
through kindergarten
engagement**

Join the Centre's Early Start Bright Future program for an online forum exploring how high-quality kindergarten experiences promote positive outcomes through strong relationships, inclusive practice, and everyday interactions that help children thrive. It will also consider current research on child maltreatment and the role early childhood services can play in prevention and early support.

Suitable for professionals across early childhood education, child and family services, health, and community sectors.

Monday 18th May

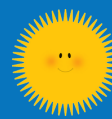

9:30am - 12pm
